

# GLIDE-C

## Wet Cleaning Conditioner Concentrate

### DESCRIPTION:

**GLIDE-C** represents advanced technology in wet-cleaning chemistry. It is a conditioner which works in conjunction with **GLIDE-D**. **GLIDE-C** is designed for use in professional wet-cleaning applications and all types of washing machines. It conditions sensitive textile fibers such as wool, silk, rayon and acetate. **GLIDE-C** provides protection to fabrics by using dispersion technology to condition fibers and once dry gives body to garments making it easy to press and iron on your finishing equipment.

### FEATURES:

- Phosphate-free
- No VOC
- Excellent dye stabilizing, anti-static and anti-wrinkling properties
- Contains no masking agents or fragrance
- Cost effective - concentrated formula
- Requires low water levels and only one bath - **NO RINSE REQUIRED**
- Cost savings, and energy efficiencies

**DIRECTIONS:** May be directly injected in wash wheel or manually poured in compartment.

### APPLICATION RATES:

Regular Load - 6 ounces (170ml)
