

GREEN BIN

Deodorizer

DESCRIPTION:

GREEN BIN DEODORIZER is a professional grade, high performance bacterial enzyme formulation that goes to work on contact. Environmentally safe and biodegradable. A unique concentrated bacterial/enzyme deodorizer and digester specially formulated to eliminate odours caused by organic material. Helps in controlling flies and pests in susceptible areas, such as garbage chutes, composting bins, etc.

IDEAL FOR:

- Garbage Cans / Green Bin (compost)
- Organic Waste and Spoiled Foods
- Restrooms
- Vehicles
- Diaper Pails
- Locker Rooms
- Animal Waste
- Mustard
- Urinals

DIRECTIONS:

Directly spray on malodour and affected surfaces. Allow the natural bacterial action to digest and eliminate the odour-causing agents. The pleasant fragrance immediately neutralizes the odour.

CAUTIONS:

- Keep out of reach of children.
- Store in well-ventilated and dry place away from direct sunlight.
- Do not mix with other chemicals.

Colour: Green
Fragrance: Apple
pH: 6.0-7.0
Dilution: RTU
