

CLEAN-N-FRESH

Stain & Odour Remover

DESCRIPTION:

Ready-to-use formulation to spray on affected areas to remove stain and odour. Highly effective on cleaning vomit, urine, feces, laboratory odour, etc. Non-toxic, biodegradable and environmentally safe.

IDEAL FOR USE IN:

- Restrooms and locker rooms
- Urinals and toilets
- Diaper pails and waste receptacles
- Carpet & upholstery
- Hardwood floors
- Sport bags and equipment
- Shoes

DIRECTIONS FOR

To eliminate odours on contact, spray CLEAN-N-FRESH directly on malodour affected areas and surfaces. Allow the bacterial action to breakdown and digest the odour causing agents, while the pleasant fragrance immediately neutralizes the malodour.

DIRECTIONS FOR STAINS:

1. First, test for colour-fastness by spraying a small non-conspicuous area.
2. Remove as much dirt and debris as possible from the stain before applying.
3. Spray to completely cover the stain until saturated.
4. Gently blot and let stand for 4-5 minutes. For carpets and persistent stains, repeat, as required.
5. Rinse with clean water and launder, if necessary.

CAUTIONS:

- Keep out of reach of children.
- Store in well-ventilated and dry place away from direct sunlight.
- Do not mix with other chemicals.

Color: Opaque
Fragrance: Herbal
pH: 6.8-8.0
Dilution: RTU
