

# ECO-LIQUID

## Laundry Detergent

(Concentrate)

### DESCRIPTION:

Highly effective, concentrated, low foaming liquid laundry detergent. Excellent wetting agents for washing garments, households, natural blends and fine fabrics. Equally effective in hot and cold temperatures. Concentrated formula means less product per load. Leaves clothes clean and bright with a soft texture and finish. Its advanced natural ingredients cut through soil and grease.

### FEATURES:

- Dye-free • Phosphate-free
- Excellent grease and soil suspending properties
- Cost effective and energy efficient
- Colour-safe and low sudsing
- Effective in 'HE' standard machines
- Superior wetting agents
- Fast rinsing

### DIRECTIONS:

May be directly injected into the wash or manually poured in compartment.

- **DO NOT USE ON WOOL OR SILK**
- Ideal for use at room temperature to warm water

### APPLICATION RATES:

30ml (1oz) per 10 lbs of garments.

### CAUTIONS:

- Keep out of reach of children.
- Store in well-ventilated and dry place away from direct sunlight.
- Avoid skin contact.
